Objective s of the HSTM Internship Program

The HSTM internship program offers students a broad range of experiences in which to complete their practicum and internship assignments. One of the most important factors in ensuring a successful experience is matching the interests and preparation of the student with qualified personnel from agencies across the state, region, nation and world. The specific purposes of the internship program for the student, agency, and university are as follows:

2. To broaden concepts of

required by the agency depending upon the type of experience undertaken. Assigned supervisors from both the agency and the University will jointly share supervision of the student. (Questions? Contact Internship Program Coordinator)

Financial compensation to the student during the internship experience is not required. The student may not receive credit for work being done at an

variety of challenging experiences.
